Pet-Vet Supply Inc.

"Serving you and your pets since 1983"

Pet-Vet Supply's goal for the last 30 years has been to provide you and your pet many happy and healthy years together. One of the most essential ways to do that is to feed them a good quality food.

Do you know what is in your pet's food?

Having a basic understanding of pet nutrition and the nutrients provided by various ingredients will help you make an educated decision on which diet is best for your pet. The internet is a great place to gather information, but be critical of the information you read. Anyone can put anything on the internet but that information may not necessarily be accurate. Let Pet-Vet Supply help!

At Pet-Vet Supply, we want to help you find the best food for your pet!

Come in and tell us about your pet and we'll give you **FREE samples** of the pet food we think will fit best. All of our food is 100% guaranteed! If your pet does not like the food, we will give you 100% refund and help you find a food he or she will eat!
